SHE- HULK

100 YEARS AND STILL INSPIRING US ALL

WE LOVE YOU, STAN!

Jennifer Walters was a shy attorney, good at her job and quiet in her life, when she was gunned down by criminals. A gamma-irradiated blood transfusion from her cousin, Dr. Bruce Banner, A.K.A. the Incredible Hulk, didn't just give her a second chance at life, but also super-strength and bulletproof green skin--and unbelievably gorgeous hair. She is the Sensational...

She- HULK

Previously...

Jennifer Walters--otherwise known as She-Hulk--has been helping previously presumed dead and fellow Avenger Jack of Hearts. Jack reappeared in Jen's life with his powers depleted and no memory of how he survived the event that should've killed him. Jen agreed to help him unravel the mystery--even though being near Jack could be dangerous for her. Back when he still had his powers, Jack accidentally drained and destabilized Jen's gamma radiation. As they worked together, the two became close friends--and then more than friends.

The search for answers led Jen to April and Mark Booth. Unbeknownst to Jen, April and Mark were brilliant scientists who had used their smarts to try to replicate Jen's combination of brains, beauty, and brawn in themselves. Their experiments backfired, leaving April with a painfully enlarged head and enhanced intelligence and Mark with Hulk-like strength--but none of his former genius. April is convinced that She-Hulk holds the key to their cure. So when Jen arrived at their doorstep, they trapped her in their basement!

Is that your story, Mark? Gamma radiation?

That's *our* story.

Thought we'd join your little club... You made it look so easy.

We were going to be a team.

We're still a team. We're going to fix it.

We're fixing it together.

Whatever you're planning is just going to make your situation worse.

If you want help, let me help you.

I have access to the world's foremost experts in gamma radiation.

I don't need your experts. I'm my own expert.

That's one thing this big old gamma brain is good for--solving problems.

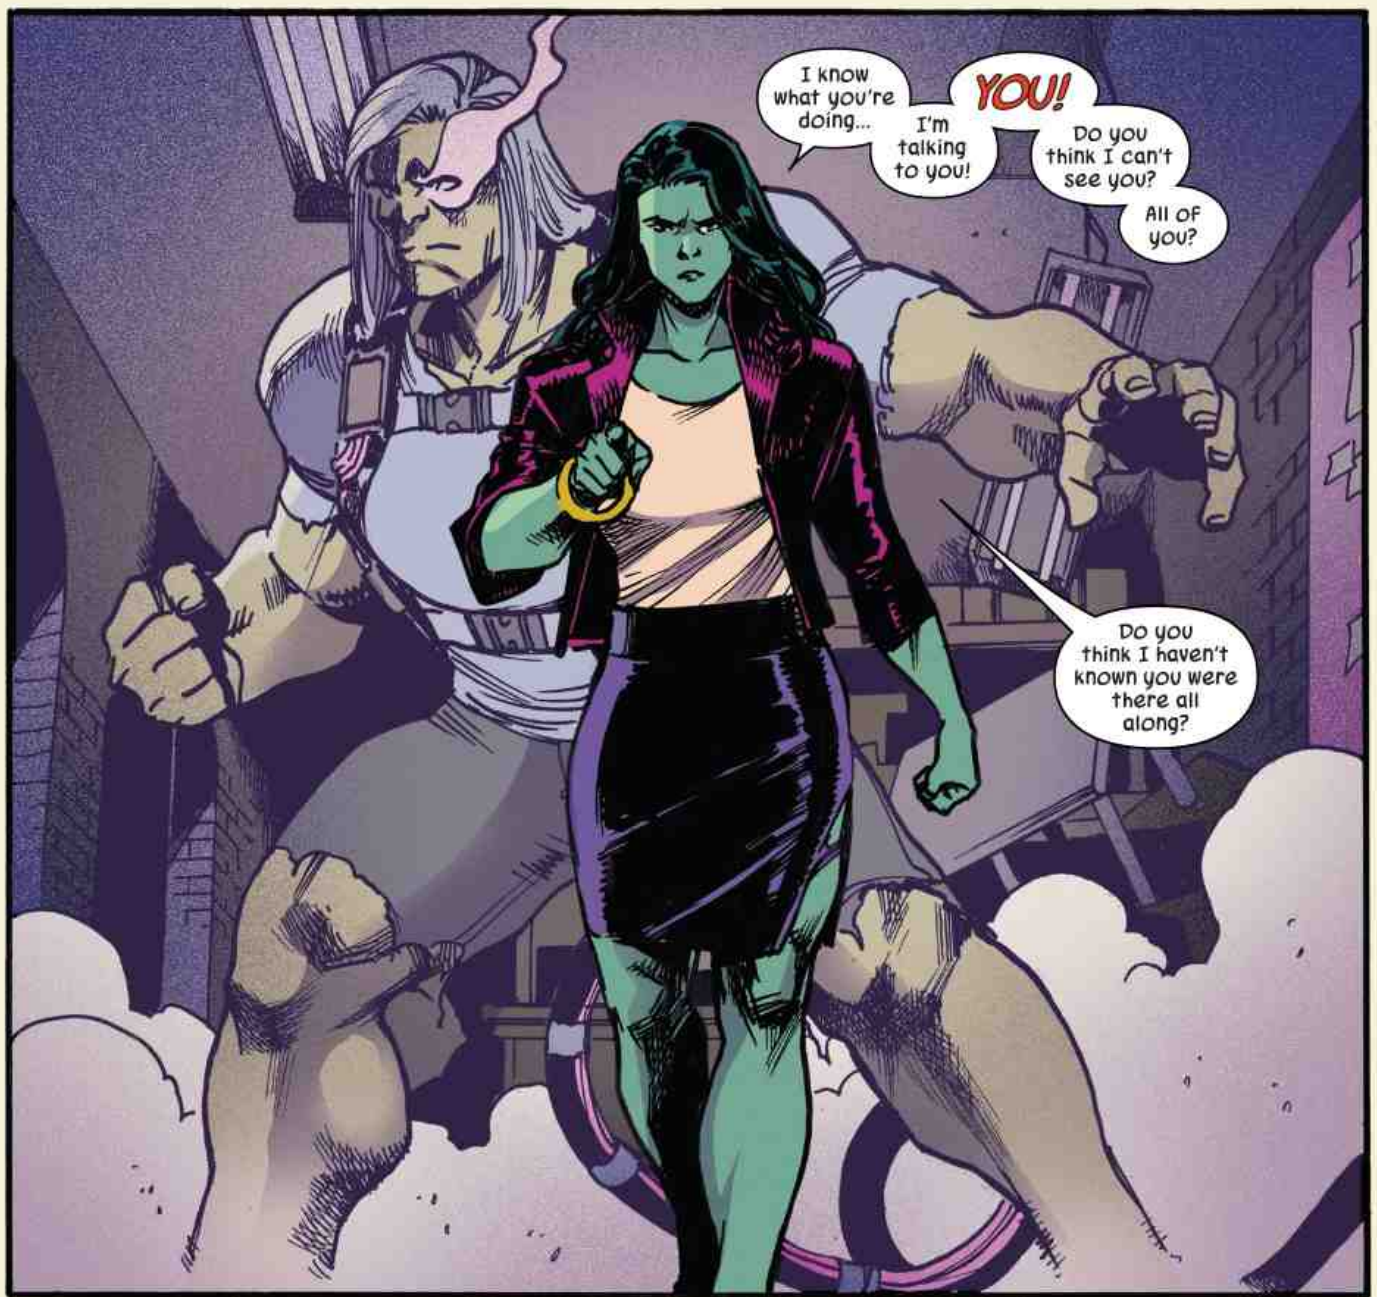

I know
what you're
doing...

I'm
talking
to you!

YOU!

Do you
think I can't
see you?

All of
you?

Do you
think I haven't
known you were
there all
along?

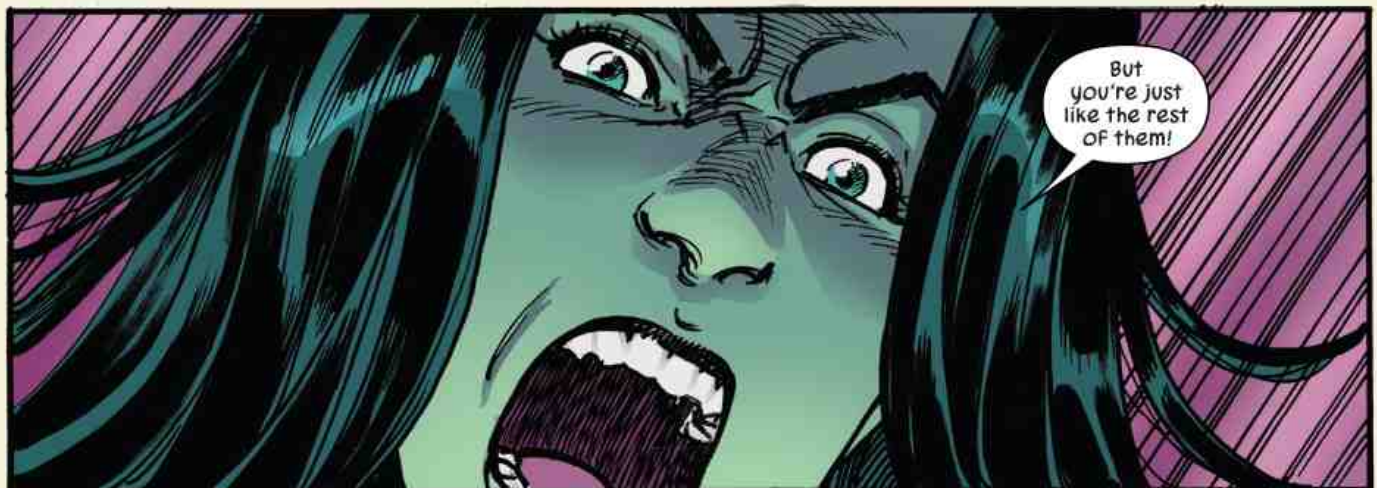

You think
you're so
good...

Because you don't
Follow me into the
shower.

Because
you don't bury
me in crowd
scenes.

You think
you know me
so well, that you
love me so
much--

But
you're just
like the rest
of them!

You think
I can't follow
a goddam
narrative?!

After
all this
time?!

You're
no better
than the rest
of them.

None of
you ever
are.

You gave
me something,
and now you're
going to take
it away.

Because
that's what
you do.

That's all
you ever
do...

Go on.

Turn the
page.

Jennifer Walters had always thought that being a lawyer was in her blood. Until a gamma-irradiated blood transfusion gave her the ability to change into the world's sexiest, sassiest and strongest super heroine. **THE SHE-HULK!**

JONATHAN "JACK" HART, JACK OF HARTS.
Expendable.

Noob!

JENNIFER WALTERS, SHE-HULK.
Green goddess. Good-time girl.

JENNIFER WALTERS.
Jen. Jenny.

Avenger-at-large.
The fifth member of the Fantastic Four.

The only Banner anyone could ever count on.

The person everyone in the Marvel Universe calls when they've only got one call.

JENNIFER WALTERS, SHE-HULK.
You know She-Hulk—she's girl Hulk. The *first* girl Hulk. She's always there when something big goes down, but she's never the big thing going down.

JENNIFER WALTERS, SHE-HULK.
You know...*She-Hulk*.

Perennially
expendable.

Jack Hart got his powers, and then he got his suit. Right away. To keep him contained. To keep him alive. To keep him from absorbing every energy—and then releasing every energy. *It's the suit that counts.*

(Which is obvious to anyone who has ever seen it.)

(The suit wears *him*.)

**JACK HART,
JACK OF HEARTS.**
Have you heard of
Jack of Hearts? He was an
Avenger once. For a minute.

He's the guy with the...
you know, *the suit*.

He doesn't
have the suit.

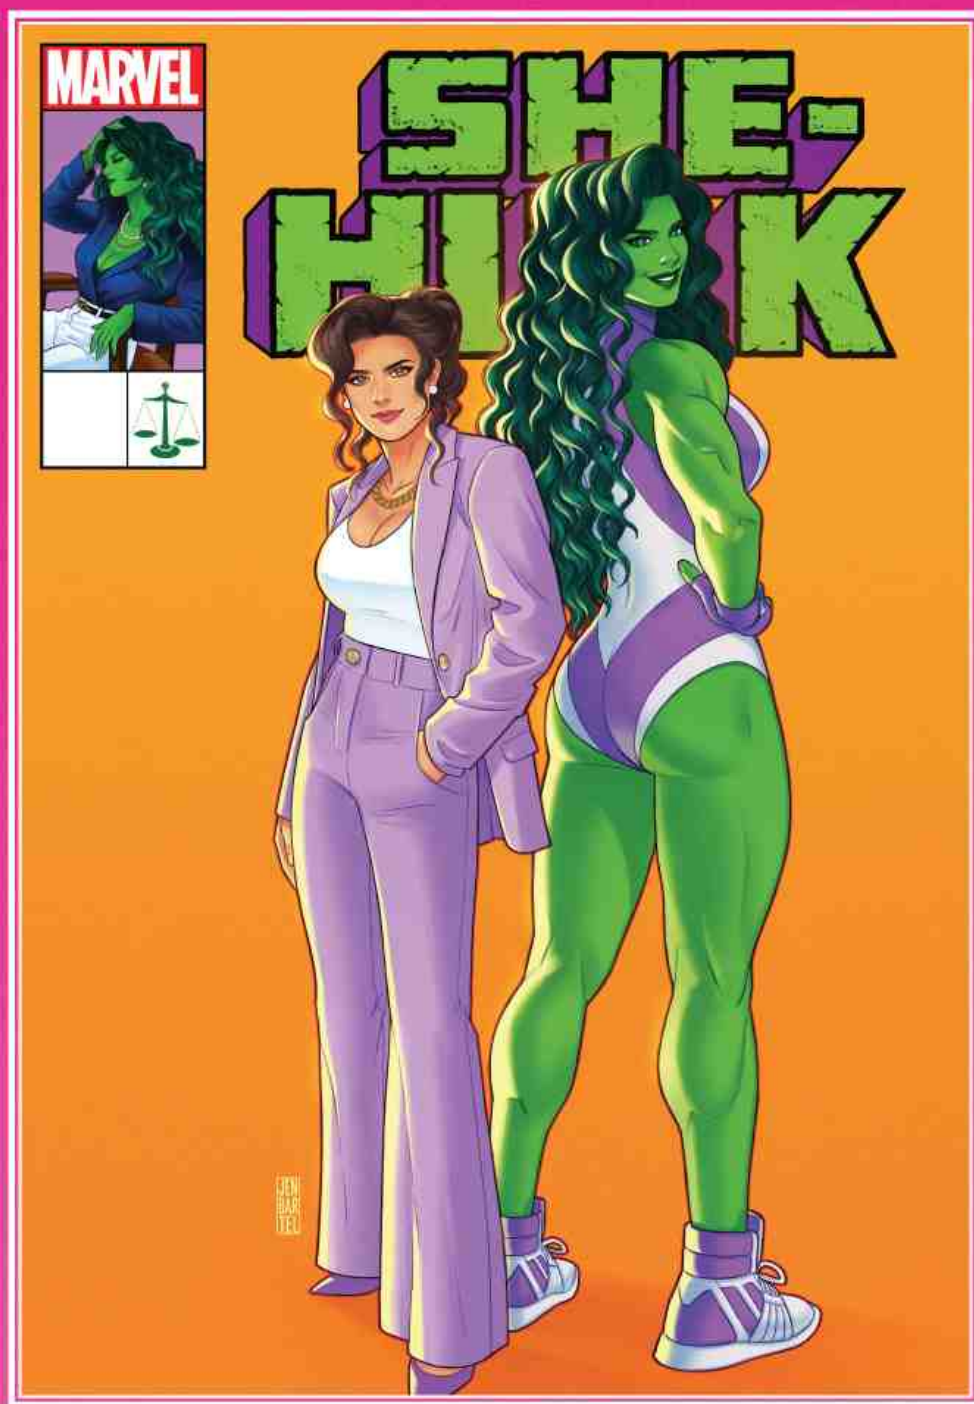

Today.

All he has is
this sweater.
